

**Powerful.
Robust.**

BRUSHLESS

The new SDS-max hammers.

metabo[®]
PROFESSIONAL POWER TOOL SOLUTIONS

Breakthrough with the SDS-max hammers.

3 new SDS-max combination hammers and 2 new SDS-max chipping hammers from Metabo in the 5, 8 and 11 kilo classes.

Extreme service life and highest drill performance thanks to the brushless technology.

BRUSHLESS

The solution for very
demanding applications.

Extreme service life

- Maintenance-free thanks to Brushless technology: no more carbon brushes required
- Robust aluminium die-case housing protects motor and gear

Highest drilling performance

- Fastest drilling speed
- Highest breaking performance thanks to Brushless-motor and optimised high-performance hammer action

KHEV 5-40 BL

NEW

Double vibration protection

Double effective anti-vibration system:

- Impact-absorbing counter-oscillating weight
- Decoupled handle

Now also for
mains-powered machines:
Brushless Technology

A system that protects.

Simple and effective: dust extraction with ESA max

THE TEST

With extraction set
ESA max

Without dust extraction

Powerful together.

SDS max "Pro 4 Premium" hammer drill bit for very demanding applications.

Highest drilling speed –
best service life!

NEW

from Ø 12 x 340 mm
to Ø 28 x 920 mm

50 % longer service life

Aggressive, robust full carbide head
with 4 blades

More accurate

Sharp 90° centering point

25 % faster

Compared to market standard thanks to
optimised blade geometry

The extensive SDS-max "Pro 4 Premium" hammer drill bit set range can
be found at [metabo.com](https://www.metabo.com)

For drilling and chiselling

- with different attachments
- Drill bit of Ø 16–52 mm
pointed chisel and flat chisel up to 25 mm

Tool-free installation

Drill bit and chisel can be removed without
detaching the extraction system

Compatible

with all new Metabo SDS-max hammers
in connection with all Metabo M- and
H-vacuum cleaners

Extraction set ESA max
Order No. 623271000

SDS-max chisel bits "professional premium"

- Self-sharpening cutting for highest breaking
performance
- Special hardened steel ensures longest tool life
and productive operation

The entire range of accessories for SDS-max hammers
can be found at [metabo.com/uk](https://www.metabo.com/uk)

The Metabo Hammers.

Possible feature variations:

- 4 functions:
- Hammer drilling
 - Drilling with 2 speeds
 - Chiselling

- 3 functions:
- Hammer drilling
 - Drilling
 - Chiselling

- 2 functions:
- Hammer drilling
 - Chiselling

- 1 function:
- Chiselling

	Hammer drilling in concrete (Ø mm)	Chiselling light	Chiselling heavy	Max. single-impact energy*	Battery pack voltage / rated input power	Chuck	Constant electronics	MVT anti-vibration	Integrated dust extraction

Cordless Hammers – SDS plus

* in accordance with EPTA 05/2009
** in combination with ISA 18 LTX 24 (accessory)

Safe investment.

We are convinced of the long service life of our new Brushless SDS-max hammers. Therefore we grant you a full warranty of 3 years on the occasion of their introduction*.

Full service worth £99.- included

when registering until 31.12.2019 at metabo-service.com

You can enjoy our full service for 36 months
During this time we effect all repairs free of charge –
also those due to wear and tear.

- Free repairs of wear and tear for 36 months
- 36 months of cost transparency

Register now

* This offer applies to the new Metabo Brushless SDS-max hammers that are registered within 4 weeks of the purchasing date until 31.12.2019 on metabo-service.com.
