SPECIALIST TRADE

2022

The battery for the garden...

... and trade

The battery for garden and trade.

As battery pack technology leader, we have consequently followed the vision of the "cordless construction site". A maximum degree of freedom when screwdriving, drilling, sawing, grinding and cutting. Now also for the garden. **One battery pack for all applications. One battery pack for 25 brands.**

- ✓ For building trade and renovation
- ✓ For metal trade and industry
- ✓ For gardening and landscaping
- ✓ For applications around the house

100% compatible

Cordless freedom - cross-brand! Machines, battery packs and chargers of different manufacturers can be combined without any problems. More on page 4

The garden range from Metabo.

The Metabo garden tools do not only support you in gardening and landscaping, when caring for green spaces, parks or sports grounds, but are also the perfect helpers for applications around the house.

Cordless alliance system:

One battery, many solutions.

The CAS partners are an association of leading generalists and specialists with clear focus on power tools for professional applications. They unite innovative spirit and high efficiency of the products. CAS is a sophisticated battery pack system on which you can rely in your daily challenges.

CEMBRE

CEMO

- 25 brands - 280 machines - 1 battery pack
- 1 System in the 18 V class
- 100% compatibility
- One battery pack for all work steps, from standard to special applications.

Benefits for you:

- World's most powerful battery pack system with 30 years of battery pack competence from Metabo
- 25 brands - 280 machines - 1 system
- 100% compatibility of machines, battery packs and chargers
- Everything with cordless tools for the cordless construction site and workshop
- Maximum reliability, clear cost advantages and high investment reliability.
- Safety thanks to cordless working - minimisation of the accident risk
- Sustainability thanks to using less battery packs

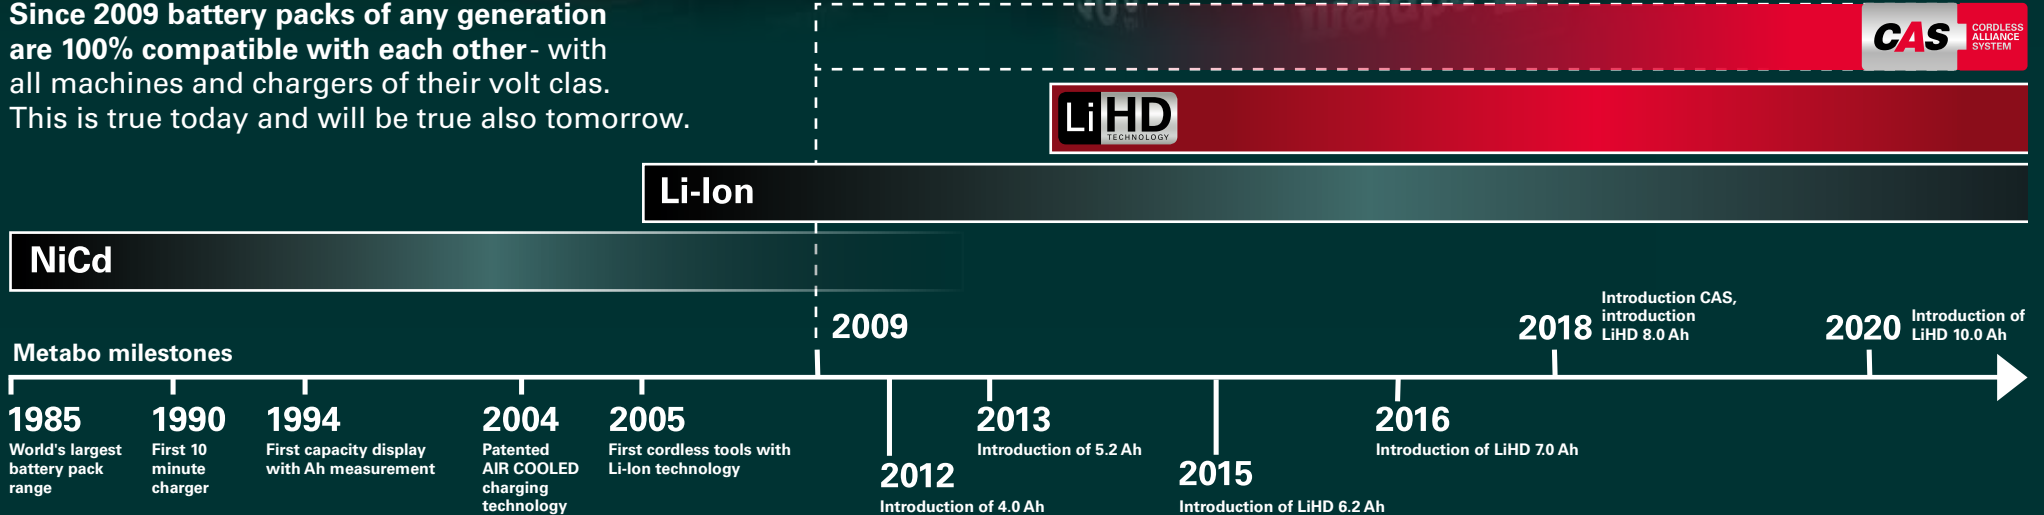

LiHD

Cut the cord – keep the power.

The powerful cells of the Metabo LiHD battery packs supply enough power to tackle even the most demanding applications without cable. Thanks to the LiHD technology, Metabo is the only manufacturer worldwide to cover the performance spectrum to 3,200 watt. **Maximum power that is available for an extremely long time, for any application.**

Since 2009 battery packs of any generation are 100% compatible with each other - with all machines and chargers of their volt clas. This is true today and will be true also tomorrow.

Leading technology.

More power

with new LiHD cell technology in combination with a newly developed battery pack

- Enlarged power rails and contacts capable of handling high currents
- 3x better conductivity with cell connectors made of a specialized copper alloy

Longer service life

and extreme ruggedness:

- Optimal protection against internal contamination with fully encapsulated cast design and full protective coating of electronics, as well as optimal gasket in the cover structure.
- Protection of the cells with rubber pads
- Less frequent charging due to more usable cell energy
- Exterior rubber coating on the battery pack provides a secure, non-slip grip and also serves as shock protection

More runtime

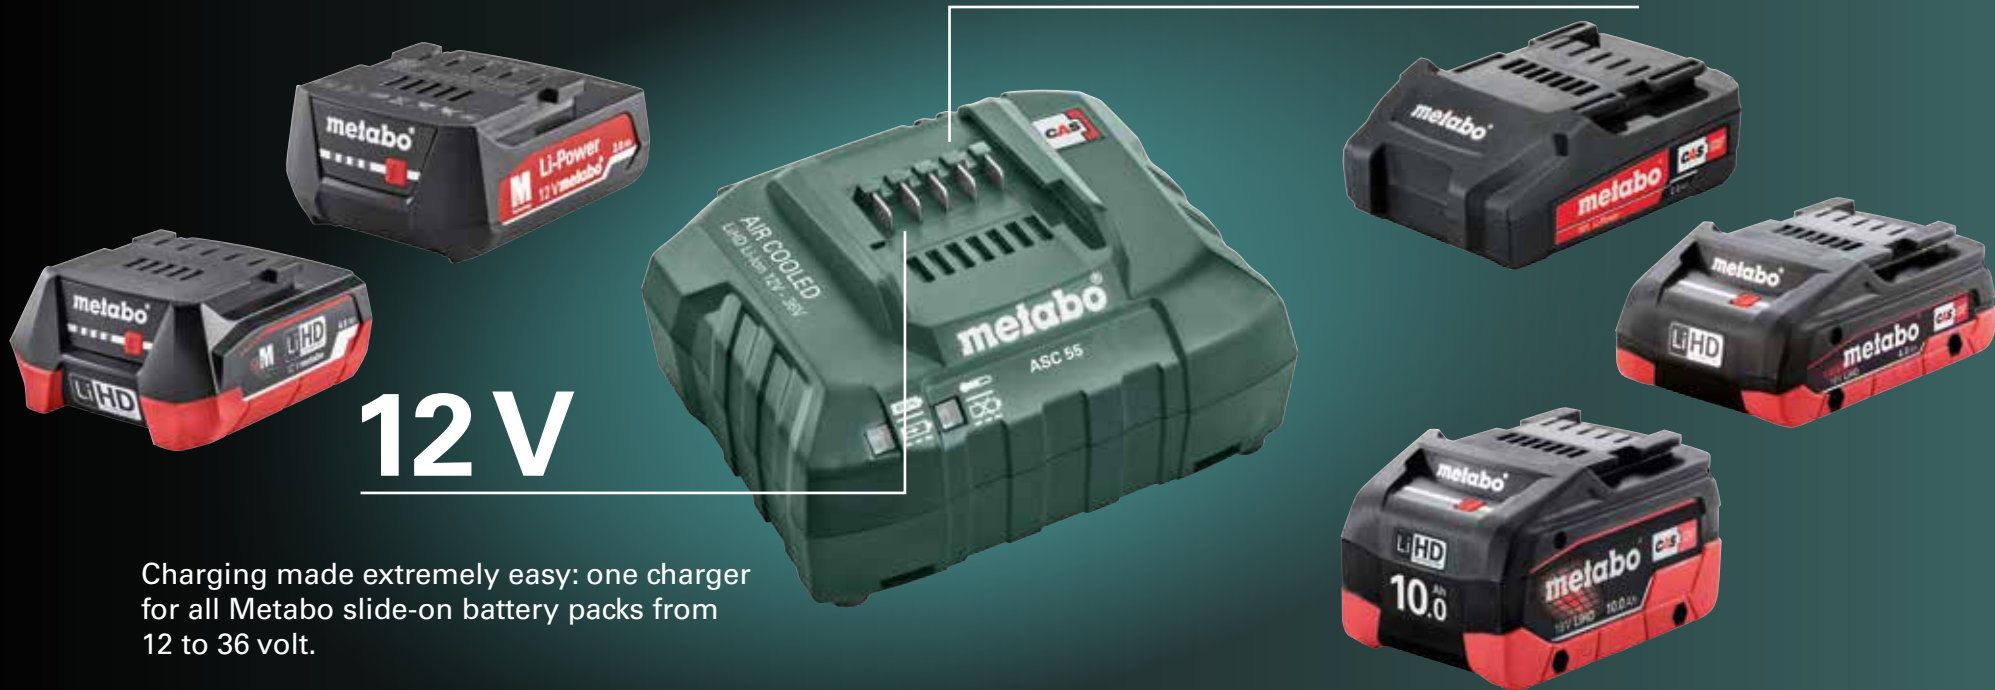

- More active material in the new cells 21700
- Use of high quality materials (silver and copper)

3 year battery pack warranty

without restriction in charging cycles

ONE Charger - one system.

Charging made extremely easy: one charger for all Metabo slide-on battery packs from 12 to 36 volt.

Advantages Metabo chargers:

- For charging all Metabo Li-Ion and LiHD slide-on battery packs (12 V - 36 V)
- For charging all battery packs of the CAS partners
- Patented "AIR COOLED" charging technology: battery pack cooling during charging for significantly reduced charging times
- Processor-controlled charging management for gentle charging and maximum number of charging cycles
- Simple calculation of the charging times

Calculation of the charging time:

Formula:

Watt details battery pack
 ÷ charging capacity charger
 × 60
 = charging time in minutes

Example:

Charge LiHD battery pack
 4.0 Ah with ASC 145
 72 watt (18 V x 4.0 Ah)
 ÷ 145
 × 60
 = 30 minutes charging time

Quick charger ASC 55

**3 in 1:
Mowing,
collecting,
mulching.**

Easy cutting height setting in 7 stages

High cutting performance and long runtime per battery pack charge
thanks to powerful Brushless motor

Maximum runtime
thanks to automatic adjustment of the motor power depending on the grass height

Robust with a long service life
thanks to metal cover and high-quality mower blade

▶ We recommend the battery pack LiHD 10.0 Ah.

45 minutes runtime for high grass

18 V

Areas up to
800 m²

Mulch

Remove the collection bag and install the mulching insert. The cut material is shredded finely and is ejected onto the lawn as natural fertiliser.

Collecting

With the collection bag, the cut material can be collected and disposed of.

Space-saving

Easy transport and space-saving storage thanks to carry handle and double folding bow handle

BRUSHLESS

CAS CORDLESS ALLIANCE SYSTEM

Metabo Full Service: simple, safe, fair.

FREE:
3-year XXL warranty on all tools

Metabo trusts its own quality and offers instead of the usual 1 to 2 years a free 3-year XXL warranty - a simple registration is enough.

FREE:
3-year warranty on all battery packs

No matter if LiHD or Lithium-Ion battery packs from Metabo: We grant 3 years of warranty for free - without any limitation of the charging cycles.

Complete protection for full cost control.

All-round protection thanks to fair calculated service flat rates. All repair costs within 3 years are covered completely, even wear and tear repairs. The full service contract is concluded immediately when purchasing the machine. Full service machines are given top priority when it comes to repairs and leave the Metabo repair service on the very same working day.

The advantages

- ✓ Free repairs of wear and tear
- ✓ Replacement tool during the short repair time**
- ✓ Free theft protection

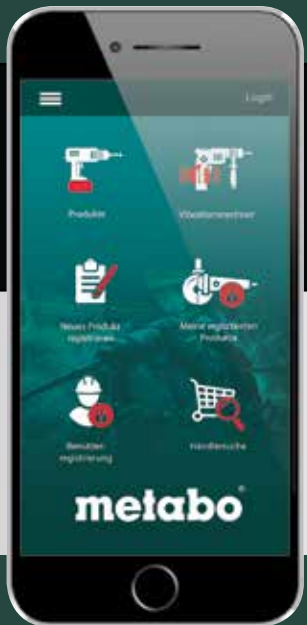

Our full service flatrates: so easy - so fair

The full service contract is concluded immediately when purchasing the Metabo machines. The service flatrates are available in the 4 tightly calculated price categories.
